NCC PROVIDER CERTIFICATION REVIEW

We are proud to share an exciting update about our Community Support Service program. We received a 100% rating for every metric of our Provider Certification Review, meaning we offer excellent quality of

care. This is an annual review we must undergo to assess the care we provide, and we are proud of these metrics. We will continue to work diligently to empower the adults with disabilities that we support.

NCC PARTICIPATES IN ANNUAL DSP CONFERENCE

On September 15th, NCC participated in the DC Coalition of Disability Service Providers' Annual Direct Support Professional Conference. Director Support Professionals, or DSPs, are critical components of the work we do. Direct Support Professionals (DSPs) deliver essential long-term supports to people with intellectual and developmental disabilities to help them reach their life goals.

This conference brought together over 400 DSPs, including many of NCC's. We were honored that one of our DSPs, Francisca Dzisi, had the opportunity to speak about her perspective at the conference.

NCC'S IMPACT IN THE COMMUNITY

At NCC, we work hard to live our **values of Inclusion, Compassion, and Empowerment** through every service and program we offer. As the communities we serve still face unprecedented challenges, we are incredibly proud of our efforts to create a more inclusive, accessible, and affordable system for all.

We've kicked off our new fiscal year with great momentum. As we focus on our progress towards our impact priorities, we reflect on the tremendous efforts across our organization and through community partners, sponsors, and donors.

We are pleased to share our 2021 Impact Statement, which highlights the positive impact we collectively made last year. It is remarkable what the NCC community can achieve when we are united in service of our mission and values. Together, we created opportunities for social, economic, and educational empowerment that advanced people with differing abilities, and students and families in historically underserved areas.

TOP HIGHLIGHTS INCLUDE:

- **Destination for healthcare needs**, including giving Covid-19 vaccinations and boosters, school required screenings and immunizations
- **Expansion of our Health and Nutrition Initiative**, providing virtual education sessions and cooking demos with our resident Chefs
- **First production and distribution of 10+ pounds of Baby Buzzers Honey**
- **Distribution of 1,850 pounds of chef-prepared meals** to students and families in need
